## PERSONAL PROJECTS

### Delhi Technical Campus

- The **Delhi Technical Campus Website** represents a strategic evolution of existing college website, designed to embrace modern technologies and enhance the overall user experience.

### AudioSphere

- Audiosphere is a web-based audio listening platform that aims to provide users with a seamless and immersive experience similar to popular services like Spotify. Audiosphere offers a wide range of features and functionalities.

### My Portfolio website

- I created a personal portfolio website. It highlights my education, skills, experience, and services. The site offers a clean, user-friendly design for easy navigation and presents a comprehensive overview of my professional profile.

### FitBull Fitness Gym

- A basic GYM website developed with frontend which contains modern UI design and layout.
